

## TIs begun on Gen-Probe facility

Friday, March 7, 2008

Good & Roberts Inc. has begun tenant improvement construction for Gen-Probe Inc. (Nasdaq: GPRO) at its 10210 Genetic Center Drive facility in San Diego.

Renovations include conversion of an existing office space into an executive conference area designed by Ned Haskell of Smith Consulting Architects.

Work included cherry wood cabinetry with granite tops and fabric wall panels. Gen-Probe is represented by Michael Fredericksen. The Good & Roberts management team includes Julie Mitchell as project manager and Eric Moody as superintendent.

Major subcontractors include CJ's Interiors, MC Painting, Western Fire Protection, PacRim Mechanical and Ickler Electric.
